TOPS LOS GATOS WITH ITS "AUTO ROW"

Retail sales in Campbell for third quarter 1970 show gain over 1969

Third quarter taxable sales in 1970 in Campbell showed an increase of $127,000 over the same period in 1969, according to the current report issued by the State Board of Equalization.

Total taxable transactions for Campbell for the third quarter in 1970, which is the basis for computation of the sales tax, were $14,847,000 compared to $14,720,000.

And for one of the few times since the reports have been compiled, Campbell's taxable sales in the third period exceeded those for Los Gatos.

Taxable transactions in Los Gatos dropped in the third quarter of 1970 from that of 1969 by $1,035,000, from a total of $15,255,000 to $14,220,000.

According to the Board of Equalization, the statewide quarterly report indicated that Californians are continuing to pay more for less caused by inflation.

Statewide taxable sales were up to $10.9 billion compared to $10.7 billion in 1969. But in terms of 1969 dollars, sales were down about three per cent. The slight increase in the total was attributable to higher prices.

IN TOP SIX

Only five cities in Santa Clara County outranked Campbell in taxable transactions of $14,847,000 for the third period of 1970.

San Jose had $217,652,000, (up from $208,978,000); Santa Clara $57,141,000 (down from $60,905,000); Palo Alto $52,522,000 (down from $52,572,000); Sunnyvale $46,034,000 (up from $40,322,000); Mountain View $45,172,000 (up from $43,827,000).

Following Campbell were: Los Gatos, $14,220,000; Cupertino, $10,968,000 (up from $8,693,000); Los Altos, $10,003,000 (up from $9,156,000); Milpitas, $8,651,000 (up from $6,426,000); Gilroy, $7,787,000 (up from $7,251,000); Morgan Hill. $2,279,000 (down from $3,488,000); Saratoga, $3,114,000 (up from $2,878,000); Los Altos Hills, $373,000 (down from $393,000) and Monte Sereno, $16,000 (up from $9,000).

The decrease in taxable sales in Los Gatos during the third quarter was largely due to slow-down on that town's auto row which, over the years, has provided more than half of the taxable sales.

In the third quarter last year, however, the auto dealers totalled $6,558,000, as compared to $7,487,000 in the same period in 1969 or a decrease of almost $1 million.

AUTO ROW

Even at that, the auto row in Los Gatos was still one of the top ones in the county, only exceeded by San Jose, which was down, Sunnyvale (up) and Santa Clara (down).

Campbell, of course, does not have any sort of "Auto Row" and thus was not affected by the rise and fall of the automobile market.

Campbell's two top categories in the taxable sales picture have always been "building materials" and "home furnishings" and again they led the sales field in the third quarter but both showed a decrease from the same quarter in 1969.

"Building materials" came to $2,428,000 in 1970 compared to $3,302,000 in 1969. "Home furnishings" had a total of $2,306,000 for the third period in 1970 compared to $2,428,000 in 1969.

Other interesting sidelights revealed in the third quarter report for Campbell showed that in 1970 "food stores" accounted for $1,359,000 in taxable sales, compared to $1,273,000 in 1969. And there were 22 such outlets in 1970 compared to 19 in 1969.

EATING

There were four more eating places listed in 1970 (56 to 52) than in 1969 but taxable sales for 1970 were down from $1,113,000 to $1,110,000.

There was one more liquor store in Campbell in 1969 than in 1970 and the 10 stores accounted for $543,000 in taxable sales as compared to nine doing $431,000 in 1969.

There was one less drug store in town in 1970 (10 to 9) and taxable sales in 1970 were $252,000 compared to $304,000 in 1969.

The biggest proportionate increase in taxable sales in 1970 for the third quarter was in the "general merchandise stores" category.

In 1969, the six such stores did only $169,000 in taxable sales, while seven stores in 1970 for the same period did $730,000.

GAS STATIONS

There were 47 service stations in Campbell in the third quarter of 1969 doing $305,000 in taxable sales while in 1970 there were only 45 stations that did $297,000.

On a comparison basis with Los Gatos, out of 10 categories, Campbell was tops in five (home furnishings, building materials, service stations, general stores and liquor stores).

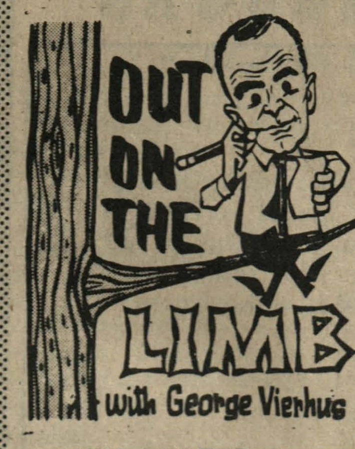
Campbell ranked below Los Gatos in five (auto dealers, food stores, eating places, apparel and drug).

According to the Board of Equalization report, people statewide spent a smaller percentage of their retail store dollars in apparel store groups than in the year-earlier period.

The report also pointed out that the most substantial shift in buying patterns was the decline in the per cent of the retail store dollar spent in new and used auto dealer types of business, a contributing factor was the General Motors strike.

The report also showed that state sales tax collections came to $446,612,000 and local sales tax collections were $132,353,000.

The report also estimated that among the nontaxable transactions food for home consumption accounted for $1,860,000,000; prescription drugs, $145,000,000 and gasoline for highway use, $793,000,000.



UNDOUBTEDLY THE first meeting of the West Valley College Citizens Advisory Committee of 1971, held jointly with the governing board of the college last week, just has to be one of the most unforgettable experiences of our lifetime.

Now we admit that covers a lot of territory.

On the surface, it does not seem possible to conceive that, after all the years we have spent attending one type of a meeting or another, we should be able to single out one that could make such an impact.

But that it did.

Of course, there were some unusual circumstances involved that particular night, that helped set the aforesaid meeting apart from the usual run-of-the-mill gatherings of official bodies.

At least, as far as we were concerned anyway.

Say, like having our car stolen while attending the meeting.

And that did happen!

-0-

IT WAS A GOOD MEETing and a very informative one.

We have been a member of the Citizens Advisory Committee for some time and have been recently appointed to a new term and we must concede that the joint meeting with the college board was the best that we have ever attended.

A majority of the 40-member advisory group were present as well as the full seven-member governing board of the college along with key college staff personnel, headed by Jim Hardy, superintendent-president.

The meeting was held in the food service building on the Saratoga campus of West Valley.

The dinner was prepared and served by members of the food service and restaurant management classes under the direction of Thomas Devins, coordinator, and it was delicious.

Hardy and his crew gave reports on the progress of the college from 1964 when it opened with 3000 students to the present time when 11,500 students are enrolled.

Especially interesting was the description by Gene Arnold, dean of building and grounds, of the development of the Saratoga campus, what buildings have been completed and what are planned.

It really has been a phenominal development.

And we thoroughly enjoyed the review.

Often one can't see the forest for the trees on the campus.

-0-

OBVIOUSLY, BECAUSE of our profession, of most interest to us was the presentation by Bill Deal, who holds the impressive title of "Coordinator of Community Services, Community Relations and Development".

Bill, who is a director of the Campbell Chamber of Commerce, and the day before had announced his candidacy for the San Jose City Council, described the many phases in which his department is involved in trying to make West Valley a truly community college.

And their efforts are really paying off.

All in all, as you can gather it was a very productive meeting.

We learned a lot about the college, and it was all worth it. Up to a point, that is.

True, while attending, we gained some worthwhile and valuable information.

But we won't be able to ride to work on that.

You see, we lost our car while attending the meeting.

-0-

QUICKLY WE ADD THAT losing our car was not part of the agenda of the meeting, and it was NOT a part either of Bill

Civic groups honor local citizens

CofC to name citizen-of-year at annual installation Friday

Campbell Chamber of Commerce will name the "citizen-of-the-year" for 1970 at the annual CofC installation dinner-dance that will be held this Friday, Jan. 22, at Villa Felice. Social hour begins at 6:30 p.m. with the dinner scheduled for 7:30 p.m.

Norm Paul, co-owner of Plaza Theaters and a member of the Planning Commission, will be installed as president, succeeding Bob Bullard, CPA, who was the 1970 prexy.

Superior Court Judge Richard W. (Dusty) Rhodes, who has been installing officer at five previous CofC events, will again do the honors Friday.

Al LaPlante, of New York Life, will take office as first vice-president; Holly Vollenweider, Realtor, as second vice-president and Jim Schafer, treasurer.

Officially taking office also will be eight new directors while there are eight hold-over members of the board.

The "ambassadors" award will be made at the dinner to the CofC member who has obtained the most new members during 1970.

The "citizen-of-the-year" award will be announced and presented by Rev. W.H. (Ben) Gould, following tradition. The Rev. Gould was named the "citizen-of-the-year" in 1969.

Tom Snowden, of Snowden-Pencer, and a director of the CofC will serve as master-of-ceremonies for the evening.

Mrs. Jeanette Watson, an outgoing CofC director, is chairman of the annual event and urges all CofC members and interested community leaders to call the CofC office (378-6252) for reservations by Thursday.

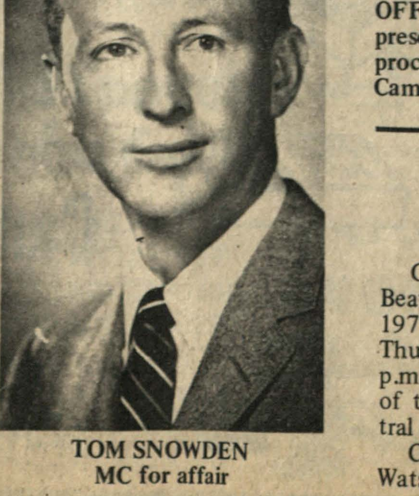
CITIZEN-OF-THE-YEAR
WHO WILL IT BE?



TOM SNOWDEN
MC for affair

JayCees recognize outstanding young man at banquet Saturday

Campbell JayCees will present their fourth annual "Distinguished Service Award" to an outstanding young citizen-of-the-year at the annual dinner dance of the JayCees this Saturday, Jan. 23.

The affair will be held at Zorba's, 1350 S. Bascom, and the dinner is scheduled for 8 p.m. preceded by a social hour at 7 p.m.

Speaker for the evening will be Assemblyman Kent H. Stacey, representing the 28th assembly district (Bakersfield). The Rev. W. H. (Ben) Gould will be the master-of-ceremonies for the banquet.

According to Allan Blaine, president of the Campbell JayCees, the annual DSA banquet will be in conjunction with the local service group's observance of National JayCee Week (Jan. 17-23). The week was proclaimed locally by Mayor Dean R. Chamberlin of Campbell in recognition of the active part the Campbell JayCees play in community affairs.

Tickets are available at $7 per person for the annual DSA event and reservations can be made by contacting either Dick Bonnet (379-2785) or Ben Woo (379-6192).

A panel of judges will meet this week to select the young-man-of-the-year from those who have been nominated but the selection will be secret until the banquet.

The three previous DSA winners were, Bob Dalzell (1968); Dale H. Scott (1969); and Carl F. Kuhn (1970).

OFFICIAL PROCLAMATION--Mayor Dean R. Chamberlin (left) presents Allan Blaine, president of the Campbell JayCees, with the proclamation recognizing Jan. 17-23 as National JayCee Week in Campbell.

Beautification group to meet

Campbell Citizens for Beautification will hold their 1971 kick-off meeting this Thursday (Jan. 21) at 7:30 p.m. in the council chambers of the City Hall, 75 N. Central Ave.

Chairman Mrs. Jeanette Watson has announced that the filling of several vacancies on the committee will be discussed and that interested citizens who are interested in serving on the committee or in suggesting programs for the coming year are welcome to attend.

DURING 1970 IN CAMPBELL

Building total shows increase BUT no permits for single-family homes

Building permits issued by the City of Campbell during 1970 showed a slight upward swing over that of 1969, according to Wally Byron, building official.

But for the first year in the city's history there were no permits issued for single-family dwellings!

The total valuation of all permits in 1970 was $6,048,715.75 compared to $5,427,484.75 in 1969, or a gain of $621,231. The total for 1970, however, was still less than in 1968 when the valuation in permits was $6,424,017.

Not only did Campbell draw a blank in single-family dwellings but there were no permits taken in 1970 for duplexes during the year, either!

In 1969 there were nine duplex permits for $218,278. In 1969 there were four single-family dwelling permits issued for $77,918 and in 1968 there were 113 for $2,427,084.

The gain in the local building activity in 1970 was largely due to the permits issued for

55 EMPLOYEES AVERAGE 6.8%

Council okays salary hikes

One group of city employees, members of the Campbell Municipal Employees Association representing 55 personnel of the total city payroll of 110, will receive an immediate (Feb. 1) 6.8% average hike in pay as a result of the City Council action on Monday night.

The salary agreement, which was ratified by the Council, covers an 18-month period and specifies another 5% across-the-board adjustment in Oct. 1971 and thus for the 18 month period it will total an 11% boost in salaries.

The agreement approved Monday was a result of hours of negotiations over several months between a "management team" of City Manager Stephens and four administrative staff members and representatives of the employee group.

Negotiations are still pending with two union groups, the Firefighters, representing 21 employees and the operating engineers covering 18 people.

Salaries of department

(Continued on Page 2)

Campbell goes on Channel 54

Three representatives of Campbell's civic life will appear on a TV program that will be aired this Friday, Jan. 22, at 7 p.m. by KTEH, Channel 54, the county-owned educational television group.

Mayor Dean R. Chamberlin, Bob Bullard, outgoing Chamber of Commerce president and George Vierhus, editor and publisher of The Campbell Press, are in the first program of the series called "electoral chair".

Don West, county correspondent for the San Francisco Examiner, hosts the show. Future programs will feature officials from other cities.

Ticking ahead with the clock tower

By a unanimous vote the board of trustees of the Campbell Union School District last Thursday agreed to cooperate with Campbell City Hall Clock Tower Committee in a fund-raising project.

The board granted permission for school children to take printed flyers home publicizing the kiddies' matinees that are to be scheduled and also approved having PTA chairmen handle the ticket sales for the movies.

Bob Tellesen, a director of the CofC, which is spearheading the drive to raise $5000 to build a clock tower at the new city hall, is chairman of the committee.

In a letter to the board, Tellesen explained that through the courtesy of Plaza Theaters in Campbell, the clock tower committee will sponsor matinees on six Saturdays, starting Feb. 20. The tower fund will get 50-cents per ticket. The committee also plans to sponsor an adult premiere movie in the spring.

The Chamber of Commerce agreed to spearhead the drive for the clock tower at the city hall when it found that the tower, which was originally in the plans, had to be eliminated in the interest of economy.

The City Council has enthusiastically endorsed the Cof C's proposal and expressed confidence that other civic groups and individuals would participate in this communitywide project.

Editorial

District finances

EDITOR'S NOTE: At the last meeting of the Board of Trustees of the Campbell Union School District, Gordon Abbott, a member of the former Citizens Advisory Finance Committee, presented a delayed rebuttal to the answers the business manager of the district made to charges contained in the citizens committee report.

We thought the rebuttal of sufficient interest to present it in its entirety herewith -- G.V.

"My name is Gordon Abbott. I reside at 1010 S. Baywood, San Jose. My wife and I have three children who attend the Monroe Elementary School. I served as the vice-chairman of the defunct Citizens Advisory Committee. On behalf of the members of that now defunct committee I am making this presentation.

"This response is prompted by what the members of the dismissed Citizens Advisory Finance Committee considered to be an attempt to discredit our committee report on December 3, 1970 and gloss over the administrative practices by the Business Manager.

"At the December 3 Board Meeting, the Business Manager stated, contrary to our report, that a $359,124 error existed in the 1969-1970 budget. Our report contends that a $953,466 error in calculating local income on line 80 of the J-41 Campbell Union School District budget on file with the County Superintendent of Schools is a fact. This error concerned only local income in calculation. It roughly is a 20% error. It has caused neglect of needed programs, needed maintenance and most important to the employees of this district salary and fringe benefit requests. Can we afford to let this happen again?

"The business manager also took strenuous opposition on December 3 with the committee's conclusion that the unexpected 20 million dollars in increased assessed valuation in local property taxes, which provided approximately one-half million dollars in increased income, could well prove to be the item that saved the district from total financial chaos.

"Acting Superintendent James D'Avis concurred with the committee that the 1970-71 budget is tight, and redlined in the amount of $8000 and excludes badly needed maintenance items. The business manager concurred with the committee that our financial position is not enviable. The current estimated undistributed reserve is $700,000 after the increased evaluation of twenty-one million dollars was included.

"What was it prior to this increased assessed valuation?

"The final preliminary budget of July, 1970, provided for only $245,000 in reserve, or about one-half million dollars less.

"In addition, everyone has agreed that at least $75,000 will be spent of the reserve this year; it is estimated $100,000 will be needed for restricted cash at year end, and we are consistently carrying $280,000 in receivables, a non-cash item.

"We are financially in tight straits, our current budget is redlined heavily, and our financial position certainly is not enviable.

"Issue was taken by the Business Manager to the committee's estimated usage of the undistributed reserve for the fiscal year 1970-71. He neglected to state that those figures were provided by himself in conference with five members of the committee.

"In the same conference, the business manager was asked for errors and fluctuations in the 1969-70 budget, and for the causes and remedies. His response to three separate inquiries by three different individual members was,quote, 'I was right on the button', when in actuality he was wrong.

"The Business Manager stated that our year end cash balance of $44,493 was clear and therefore is not putting the district in a desperate position financially. With a monthly payroll in excess of $500,000 we did not have enough cash to meet a month's payroll, let alone the unexpected contingencies of a $10,000,000 yearly budget.

"It is a fact, we had to borrow $1,700,000 from the County in September, 1970 to meet payroll and other operating costs to open schools in September.

"(A footnote should be included here. In 1965 the district had similar difficulties with the budget prepared in 1964 by the Business Manager. In 1968 this again was the case and the Board held a special meeting with the Business Manager to attempt to straighten out the District's financial troubles.

" Mr. John Merrill, the Board President at that time severely reprimanded the Business Manager as the Board minutes of the special October 15, 1968 meeting indicate.

"The Business Manager denied any irregularities in bidding procedures. Our committee recommended a study of bids for the past two years. There would be no additional cost to the District if the board discharged its responsibilities and had workshops to study these bids and the awarding of contracts which resulted from them. Our committee in executive session provided information to the board in this area. It is up to the board to act upon these findings.

"On December 3, the President of the Board said that some of the twenty recommendations made by the Citizens Advisory Finance Committee were not applicable and outside of our jurisdiction. No restrictions or specific direction was given the committee. In fact the President of the Board stated publicly that our committee was free to study any areas that we deemed necessary. It also should be pointed out that the President of this Board is an Ex-Officio member of any committee appointed by the Board.

"Since October 1, 1970, the Committee sought an executive study session with the board. The one promised October 1 did not materialize. On December 3 the committee was dismissed without an executive session with the board. On December 10, the Board President decided the executive session should take place with the committee but there was no committee since it had been disbanded by the board.

"The meeting did finally take place on December 17, 75 days after October 1. The committee was reinstated for the meeting and all documentation substantiating our positions and findings were provided by the Committee Chairman, Mr. Kenneth Burmeister and Committeeman, O. B. 'Buck' Austin.

"In reference to interpretations of the facts and information supplied to the district in our report, may we emphasize this point: It is very convenient by those who desire to do so ..... to make their own interpretation of the facts provided ..... then state the interpretation is false ..... and hence the facts must be inaccurate and false. Reasonable people understand credit the committee were obvious. Many ask why we did not respond at that meeting. At 6:00 p.m. the evening of December 3 we were belatedly given the Board Agenda which showed that we would attend but not participate in the proceedings.

"This committee was born by a motion by Dr. MacQuiddy, seconded by Mr. Steinberg on August 6, 1970. Our appointments were confirmed by the Board. Each member of the committee has been active and interested in the affairs of the Campbell Union School District. It would have been easy for us to have made a report flowery with adjectives, telling everyone what they would like to hear, but this would be dishonest. Instead we have provided you with the truth.

"Each of the committeemen recognize the competence and capabilities of the great majority of Certificated and Classified employees of the Campbell Union School District. We fully understand the need for salary review and adjustment. Unless our house is in order, and it is not, we cannot justify going to the public at this time to even maintain the present tax level, let alone a tax increase. Collectively, the members of this committee are willing to continue to work toward the goals of financial reform which will restore public faith and insure public support."

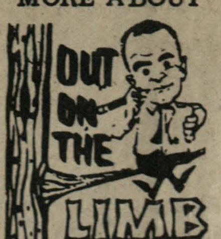
MORE ABOUT



(Continued from Page 1)

Deal's presentation on community relations, although Bill admitted, with some chagrin, that it definitely had some negative value.

Bill went out of his way to assist us when we discovered that our little VW was actually gone.

It took us awhile to realize that the Volksie had been stolen from the college parking lot, while we were inside the building.

After all, the other cars, some 40 of them, were right where they had been parked.

But not ours.

It was real gone.

We climbed in with Bill and made a fruitless search of the area and then reported it to the sheriff's department on the way home.

It was our first personal experience in this odious field.

And we weren't too well prepared.

We couldn't even recall our license number for the stolen car report.

We have written it down now.

What's that again?

Locking the door after the car is stolen.

-0-

THERE IS A SEQUEL TO all this, of course.

The car was found the next day in the hills above Monte Sereno. A resident of that area contacted us.

There were a number of its vital organs missing, the person reported.

He said the back wheels were gone.

Also the spare tire and the seats.

The engine was also missing, he added.

We were appreciative being informed of the whereabouts of the missing VW.

Or what was left of it.

The party calling said that the car had been left in a rather remote part of the hills but gave good directions of how the tow truck could get there, as it was rather apparent it could not be moved under its own power, being minus an engine and wheels.

That proves, of course, once and for all that Volkswagons are not driven by rubber bands or foot pedals.

The directions given explained that it was off a dirt road in an area that was used occasionally by hippies and/or lovers.

A sign on a tree was a marker for the spot.

The sign read: "Make love not fires".

There could be a moral in that some place.

But we are still too mad to think about that.

-0-

AS AN AFTERTHOUGHT, but with no bearing on the case whatsoever, as you read this it will be known whether we have been "drawn" for the 1971 Grand Jury.

As we write this, obviously, we don't know what the draw will be on Tuesday afternoon.

We were selected as one of the 30 on the venire and 19 become members by lot.

We thought it sort of interesting in a vague sort of way that S. G. Hernandez, of Saratoga, another potential grand juror and a fellow member with us on the college advisory committee, was parked right next to us in the college parking lot when our car was stolen.

We only add that bit of information because at the time when we were in the unbelieving stage that our car was actually missing, Hernandez verified the fact that we had parked next to him.

And the car was gone.

It was sort of reassuring in a horribly realistic way.

There were also a couple of superior court judges on hand at the time, also members of the committee.

We have managed to fill a whole column on the bizarre event.

We suppose that could be classified as some sort of compensation.

But we would rather have our car intact and skipped this column.

Come to think of it, those of you who have read this far probably would agree with that.

LOCK YOUR CAR

MORE ABOUT

Building total shows increase

(Continued from Page 1)

multiples.

Although there were only two more permits issued in 1970 (7) as compared to 1969 (5), permits were for bigger units. The seven permits for multiples in 1970 came to $2,248,057 compared to the five in 1969 totalling $486,195.

A gain was registered in 1970 also in industrial building. In 1970 there were 11 such permits for $642,410 while in 1969 there were nine for $449,615.

There were more remodeling and alteration permits issued in 1970 (121) than in 1969 (11). The total in this category in 1970 was $512,076 compared to $336,870 in 1969.

Although there were more permits issued in 1970 for commercial building permits in 1970 (25) than in 1969 (23), the dollar value was higher in 1969, $3,526,107 as compared to $2,517,689.

A big decrease was reported in 1970 in the category of "other permits", although the same number (9) was issued both years. In 1969 the total was $213,062 and in 1970 only $5,468.

The swimming pool picture in Campbell continued its upswing in 1970. There were 25 permits for pools issued for $83,490. In 1969 there were 20 permits for pools for $67,000 and in 1968 there were only 12 for $38,100.

There were fewer permits for signs in 1970 than in the previous year, 41 for $36,825 compared to 53 for $50,139 in 1969.

There were 263 building permits of all types issued in 1970 for a total dollar value of $6,048,715 while in 1970 there were 265 such permits issued for $5,427,484.

City salaries

(Continued from Page 1)

heads and administration personnel representing 16 of the total payroll are also to be set later.

The agreement, as ratified by the Council, will extend until June 30, 1972 and thus will put the salary procedure on a fiscal year basis. For the past years, the salary schedules have followed the calendar year.

City Manager Stephens, in his negotiations, followed a directive of the Council, which specified that any increases in salaries had to be kept within a $55,000 budget limitation that had been set aside for that purpose.

Although the average increase for the CEMA group is 6.8%, Stephens points out, the adjustment ranged from a low of 5% for some engineering personnel to a high of 8-3/4% for police.

DARTING AROUND

with Tom Carroll

Did you ever wonder how far the Campbell Press travels or how well read it is?

We've just seen evidence of its being read in Japan. Clay Cowden of the Black Knight showed us a letter from Loren Raab, who is stationed in Japan, that not only mentions the Campbell Press but this column. Now if Loren can just get a dart team started there, we'll call that "real" expansion.

Ken Gilley of the Bull and Bush, 5024 Geary Blvd., San Francisco, is posting this column on his bulletin board so that our northern allies can see what's going on down here in the South Bay League.

Read on fellows, and see what kind of competition you are going to have when you come south for the finals of the Mixed Doubles Championship at the Gaslighter Theater, 400 E. Campbell Ave.

MIXED DOUBLES

Twenty-five teams turned out at the Gaslighter Theater last Wednesday to determine which four teams would represent the South Bay League in the Northern California Darts Assn. Mixed Doubles Championship, February 7.

If anybody had doubts about the strength of the teams or how well some of the gals would shoot, they were dispelled in the first match between Bob and Barbara Peddicord (Scuttlebutt) and the team of Willy Buhl and Marlene Bishop (Black Knight).

Bob got things started with a 92 away and wife Barbara followed thru with the high score of the evening, 174. That is a triple 18 and two triple 20's. There are only two possible scores higher than this, a triple 19 and two triple 20's (177) and of course, a perfect three triple 20's. Winning this match, Bob and Barbara went on to the quarter finals before being defeated by Roy and Linda Haslam of Banbury Clock I.

The Haslam's then went on to the finals where they played Dave Ingols and Lynn Malsbury of Lancashire Lad I for the championship of South Bay. The final match saw the team of Ingols and Malsbury take two out of three games for the win. Third and fourth place went to Jim Macredes and Dona Condon (Gaslighter I) and Phil and Pam Kelly (Banbury Clock II).

HIGH SCORES

Look at the scores some of these gals racked up. Besides the already mentioned 174 by Barbara Peddicord, there were 124's by Jane Macredes and Carol Twerberg. Dona Condon had a 114 and Pam Kelly shot a 105. Of the five gals who shot better than 100, Pam Kelly is the only association member and regular team shooter.

NCDA rules for the Mixed Doubles state that only one member of the team has to be an association member.

The fellows didn't do too bad though. We already mentioned Bob Peddicord's 92 away. Ben Macredes (Gaslighter I) had a 96 out and a 110 away. Terry Elliot (Black Knight) had a 120 out. Dave Ingols shot a 140, Kip Fanjoy (Gaslighter I) had a 135 and George Hoffman (Gaslighter II) shot a 127.

Tonight we get back to normal but I can't help thinking that the ladies tournament Jan. 31 at the Lord Nelson in San Francisco will be a wild match.

Mugs!

DART GAMES TONIGHT (Jan. 20)

Gaslighter Theater II at Gaslighter I, 400 E. Campbell Ave., Campbell.

Black Knight at Banbury Clock II, upstairs San Jose Inn, 1860 The Alameda, San Jose.

Lancashire Lad II at Lancashire Lad I, 15797 San Jose Ave., Los Gatos.

Banbury Clock I at Scuttlebutt, 1100 El Camino Real, Mountain Views.

DARTS GAMES NEXT WEDNESDAY (Jan. 27)

Black Knight at Gaslighter Theater II.

Banbury Clock I at Lancashire Lad II.

Gaslighter Theater I at Banbury Clock II.

Lancashire Lad I at Scuttlebutt.

Four -H Club

by Kevin Clancey

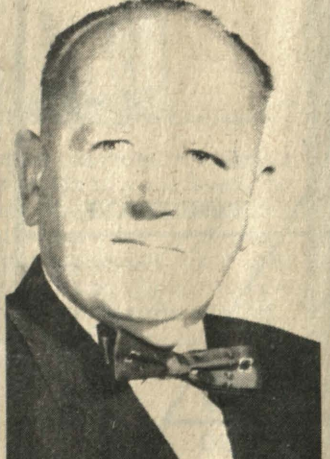
The Campbell 4-H held its monthly community meeting on Jan. 8 at Coventry School.

A judging event was held on 4-H projects. All members took part in the judging.

President Nora Smith introduced guests, Greg Winovich, Mr. and Mrs. Winovich and Dave Duren.

New members who gave reports were Bret Baer, Connie Baer and Vickie Vance.

The next community meeting will be held at Coventry School on Feb. 5.



LECTURES SUNDAY--Howard H. Irwin of San Diego, who served in the U.S. Military Intelligence in World War II, will give a free Christian Science lecture at John Muir Jr. High School, 1260 Branham Ln., on Sunday, Jan. 24, at 3 p.m. The lecture is sponsored by the Second Church of Christ, Scientist of San Jose.

Branham High

Branham's CSF Honor Society will be snow-bound as they drop their books and head for the slopes the weekend of Jan. 29 for a fun-filled time at Heavenly Valley.

Their plans include ice skating, sleighing, tobogganing and, of course, skiing.

* * *

Branham's seniors put their minds together and chose the "Seniors Mosts" for the year '71.

Kathy Moore, homecoming princess of 1970 along with Jeff Gingrich, student council member, were elected "Best Looking", while the seniors who are always smiling, Jackie O'Neil and Jay Dillard, were chosen for their "Best Personalities".

Leading the class in spirit is Varsity Cheerleader Karen Young and all-time yeller, Mark Boyce.

"Best Dressed" went to Cherie Marchbank and Bill Adamson.

The flirtiest of flirts went to song girl Barb Engler and Bobby Sanchez and the class clowns are none other than Becky Bracco and Paul Bush.

Other top seniors are, Dave Lasiter and Theresa Kane, "Most Athletic", Marilyn Klinger and Terry Phillips "Most Likely to Succeed" along with "Best Leaders" and last but not least Marianne Molchan and Bill Adamson, "Best All Around".

Animal genetics classes offered

Two courses in animal genetics will be offered by Metropolitan Adult Education this spring.

Beginning Wednesday, Feb. 3, "Genetics for the Animal Breeder I," will be held at Oak Grove High School. Instructor will be Bud Beckley, former farm advisor for Santa Clara County and retired specialist for the University of California's Division of Agriculture. The course will explore techniques for experimenting in genetics to produce desirable traits, selections of those traits and the keeping of performance records.

The second course, "Genetics for the Animal Breeder II", will be taught by Dr. Phil Haims, veterinarian, and will deal with general animal husbandry and veterinary science.

Since the course delves into preventative diseases and animal physiology, it can be taken concurrently with Genetics I.

The second course will begin Thursday, Feb. 4, at Branham High School.

Registration for the classes may be made at Oak Grove on Wednesday evening between 6:30 and 9:30 p.m. and at Branham on Thursday between 6:30 and 9:30 p.m.

Cost of registering is $1.75 which is charged only once.

West Valley Sports

It's back to conference play for West Valley College who took a week off from their rigorous Camino Norte Conference schedule to include a non-league encounter with the Moffett Flyers.

But the Vikings have their work cut out for them Saturday night as they host conference leading DeAnza College, their cross-country rival from Cupertino.

The Dons nudged WVC out of second place in the 1969-70 race and are presently on top of the CNC heap with a 4-0 record. Included is a big win over perennial conference power-house Contra Costa, the first time in the history of the league they had been beaten on their home floor.

Mike Tarabanovic and Rich Mulligan head the title-minded Don's hopes to pin West Valley with their third straight loss. But Joe Gallagher and Doug Oliver have different ideas. The two, sparking Valley scoring of late, will be out to add another win to their 14-5 season mark and extend their present 3-1 CNC standing.

The game is a must win for the Vikings if they hope to remain in contention for the 1971 crown. Game time is 8 p.m. Saturday at the Campbell High gym.

CONTRA COSTA

Valley dropped their last Camino Norte contest 103-90 to Contra Costa in a game that was closer than the score indicated. The Vikes fought hard to the closing minutes when the rebounding and shooting of Ollie Ellison iced it away for the Comets.

MOFFETT

The Moffett Field Flyers took advantage of the Vikes losing string, as a matter of fact they caused the second straight loss. The Vikes fell 95-89 to the Navy cagers on the Campbell floor.

The Flyers played only six men the entire night and only because John Schick fouled out midway through the final period. Russ Palmer topped all scorers as the 6'6" 220 pounder dropped 32 and Ray Halsell popped 25.

Oliver was highman for West Valley as he hit a personal season best 31. Gallagher added 14 and Jim Smrekar 13.

C-M Pony League meets Thursday

A sports program will highlight the first sign-up session of Campbell-Moreland's Pony League this Thursday (Jan. 21) at Coventry School, 1125 W. Campbell Ave.

Boys, ages 13 and 14 and residing within the league boundaries, may register for the 1971 season between 7 and 9:30 p.m., although the sports program will begin approximately at 8 p.m. Movies will be shown, a speaker has been arranged and refreshments will be served. League president Les Baldinger will also address the group.

Boys must bring at least one parent, certification of birth date and a $15 registration donation which will be used to defray league expenses. Baldinger will particularly discuss reasons surrounding the latter item.

Man On the Street

with CARL WINTHER

REAL SERVICE

As a driver who puts all too many thousands of miles on his speedometer each month, one gets to know service stations pretty well. That's why we've chosen Andy's Sunnyoaks Shell as our "Service Station of the Month".

Drive in to Andy's anytime, and no matter how many cars seem to be "stacked up" ahead of you, there's a cheerful attendant ready to serve you just about as fast as you can turn off your engine at the gas pumps.

You don't tell them to "check under the hood" because they're already doing it before you get a chance to ask them. They check the water, the oil, the battery and take a quick look over the fan belt and the electric system -- in about thirty seconds flat! Before your gas tank is filled, the windshield and the rest of the windows are clean!

That, my friends, is the kind of service lots of stations advertise, but the difference at Andy's is YOU GET IT!

DO YOUR SHOES FIT?

Jack Pipe is a remarkable man. In case you may not know, he's the manager of the Cambrian store of the Beck's Shoe Stores company (we pause briefly for a commercial to indicate that Beck's is located at 3678 Union Ave., across from the Cambrian Plaza). But that isn't our point.

Jack has probably put more shoes on more happy feet than anybody in this part of California. In fact, he told us the other day that 90 percent of his customers come in with improperly fitted shoes! How come, we ask. And that is the part of the script we shouldn't have read!

Here's how Jack tells it. Getting the proper shoes can indicate your character, your habits, your general health and disposition! And he quotes no less an authority than good old Benjamin Franklin!

Once you know your correct size and width, should you buy only shoes which meet those specifications? Jack says no, unless you buy from the same manufacturer because each manufacturer and each style vary.

Should you economize on work shoes? No again. You should economize on shoes you seldom wear, such as dyed shoes to match a certain outfit. Cheap work shoes wear out quickly and could be destructive to your feet, Jack says.

Here are some points he stresses: Shoes with a proper fit assure that your big toe does not reach the tip of your shoe when you're standing; the heels hug your own snugly; the sides do not gape; your little toes lie flat in each shoe.

Shop for shoes in the middle of the day. The human foot swells 5% with exercise and this expansion could make a radical difference.

Children's shoes should be purchased at lease a half size larger than the actual measurement. Sturdy, well-fitting shoes are essential for growing healthy bodies.

Shoes should be changed at least once a day. Shoes need to dry out from foot moisture. Two pairs will outlast three if you follow this advice.

Regular cleaning and polishing will keep your shoes pliable, handsome and comfortable for many extra months of wear. When buying shoes select those with soft linings, smooth inside seams, stitching which is not too close to edges, pliable, durable materials AND a reputable brand mark.

Try on BOTH shoes before buying a pair. With right-handed people, the right foot is usually at least a half size wider than the left, and vice-versa for left-handed people.

In closing (and this may have a commercial tinge to it) Jack advises to always go to a dealer who is known to have a complete size range. If you're a 9E, a 10D won't do it!

SAN TOMAS CENTER

Construction has just started on San Tomas Plaza Shopping Center at the corner of Campbell Avenue and San Tomas-Aquino Road. The new center will have 120,000 square feet under roof, which will be of Mansard-design with decorative arcades and planned landscaping.

Another feature will be covered walkways and year 'round air-conditioning.

VITAMIN THING

The big hullabaloo about Vitamin C as a result of Dr. Pauling's book is reaching out to the boondocks as the discussions continue as to the "miracle" value of the C vitamin. We asked the boys at the Health & Diet Center in the Maplewood Plaza on Union Avenue how the Vitamin C rush hit them. "They're really selling big", was the answer,

Now comes the kicker. It looks as though the big boys in the drug business are going to try to corner the Vitamin C supply. This means the price will go up and before the thing levels off, you'll be paying through the teeth for what has long been a readily available item at a very moderate price.

CAMP FIRE GIRLS

SAN TOMAS BLUE BIRDS

Mrs. Lee Rhodebeck and Mrs. R. Ornellos have kept this new Blue Bird group busy. They made salt gardens and are going roller skating. In preparation for the annual candy sale that begins Jan. 28, the girls have been practicing how to sell and learning safety rules.

Brenda Isbell, Julie Ornellos and Kim Rhodebeck were part of the color guard at the January meeting of the San Tomas PTA. Other members of the group are: Francis Arcunely, Becky Gandy, Debbie Gorman, Shellie Graham, Tracie Green, Kim Horback, Sharon Kerby, Michelle Nickalas, Gena Six, Denise Trurrubate and Tammy Yoshikawa.

ELAPNOCKA CAMP FIRE GROUP

Forrest Hill, San Tomas and Baker Schools

These sixth graders held their first ceremonial of the year during the Christmas holidays. The theme was Indian Symbolism and each girl received her honors in a Tom Tom.

January is work month for the girls. Sue Kerley and Bonnie Green participated in the color guard at the San Tomas PTA meeting. A slumber party was held where the girls wrote and practiced a skit for a February Mother - Daughter Tea. They also made invitations, table decorations, props and goodies for the tea.

Symbols were made for the McKinnon School Camp Fire Group to use in making their group symbolgram.

Members of the Elapnocka Group and their officers are: Janet Bevil, Re Ann Blisard, Debbie Bourdeau, Terri Geir, Bonnie Green, Susan Kerley, Ammie Kopeeki.

Secretary is Lynn Nader; vice chairman, Linda Solomini.

Other members are Cherrie Sawtell, Terri Tubbs, Michelle Lancaster.

Nancy Wingo is chairman; Debbie McClure, treasurer; and Becky Reese is corresponding secretary. The Guardian is Mrs. C. W. Larson.

The name of the group, 'Elapnocka,' means - "having fun making beautiful things together".

DISTRICT NINE

The Blue Birds and Camp Fire Girls of District Nine are going through drawers looking for their warmest mittens in preparation for a district-wide ice skating party at the Sunnyvale rink. It must be a popular sport as the reservations filled up so fast that a second date in February was announced for the overflow.

The girls of all groups were busy in December making hand-crafted articles that they sold at the Craft Fairs held at Fisher School in Los Gatos and Rolling Hills Junior High.

Some of the Camp Fire groups participated in Christmas caroling at Valley Fair and Westgate Shopping Centers under the direction of Mrs. Sybil Albrecht.

While the girls warmed the hearts of the frantic Christmas shoppers Mannings Coffee Shop warmed the girls' tummies with hot chocolate.

Look for the girls to be starting their annual Candy Sale starting January 28!

The annual snow trip for District Nine Junior High Camp Fire Girls is scheduled for Jan. 23. This year it looks like a sure thing!

Last year it kept being postponed and finally cancelled due to lack of snow.

The girls will board busses at 5:30 a.m. from Fisher School in Los Gatos for a day of playing in the snow and sliding on the slopes of Bumble Bee on Sonora Pass.

The girls will have dinner there before returning late that evening.

— Ellie Rumbaugh

THE PHONE BOOTH

Maybe you didn't know that everyone from Pacific Telephone who visits your home or business carries an official identification card. These ID cards show each employee's name, photograph and signature. So if you ever have the slightest doubt about anyone who says, "I'm from the telephone company," just ask to see proof. Our employees will be more than willing to show you their identification.

If you have relatives or friends living in your home, they might appreciate having a separate listing in the phone book. Especially if their last name is different from yours. A separate listing makes it easier for friends to find them and costs just 35¢ a month. It's easy to arrange. For more information, call us at 288-9000 and talk to your Service Representative.

It's surprising how a person's voice can sound different over the phone if the mouthpiece is held too far away from the lips—like under the chin or touching the forehead. For best results it's a good idea to hold the mouthpiece directly in front of your lips—about 1½ inches away. Then when you talk as you normally do, the person on the other end will hear and understand better—and you'll sound like *you*.

GIRL SCOUTS DEMONSTRATE
WESTGATE MALL
JAN. 25-30
4-8:30
ALL DAY SAT.

DEMONSTRATORS—Calling attention to "Girl Scouts in Action" through the use of a "positive" demonstration are, left to right, Brownie Scout Lisa Hassur of Troop 471 (attends Queen of Apostles School); Lois Sakamaoto of Troop 15 (attends Country Lane School) and Cadette Scout Lynne Bonga of Troop 507 (attends Prospect High). Approximately 1500 girls from Neighborhoods 14, 15, 33, 34 and 35 are representing 60 troops and will be showing their skills for the public.

'Demonstration' shows Girl Scouts many talents

More than 65 Girl Scout Troops, involving close to 1500 girls from Brownies (age 7-8) to Senior Girl Scouts (high school age), will be demonstrating at the Westgate Mall, Jan. 25-30.

The demonstrations will have a positive theme – girl scouts showing what they can do in skills, crafts, arts, dramatics, songs and dance.

Representing five different neighborhoods surrounding Westgate, the girls have combined their efforts under the direction of Mrs. Allen Newkirk, chairman of "Girl Scouts in Action."

Each troop decided themselves what they would do and have all the arrangements for setting up their "thing" and arranging times and transportation.

Some troops have been working for weeks ahead getting a puppet show ready, setting up a display of badge work, planning a craft to do while the public watches and learns and in some cases actually participates. Other troops will be doing what they would be doing at a regular girl scout meeting of their troop.

The girls will be at Westgate weekdays from 4 p.m. - 8:30 p.m. and on Saturday from 10 a.m. - 4 p.m.

Neighborhoods involved are No. 14 from Strawberry Park, Moorpark area; No. 15, Los Gatos, Campbell, Saratoga; No. 33, Cupertino area; No. 34, host neighborhood covering Westgate area; and No. 35, Cupertino, Saratoga.

Carol Beall is Guild guest

The Campbell Artist's Guild will hold its monthly meeting Thursday, Jan. 21, at Campbell Country Womans Club, Campbell Avenue and First Street, Campbell, at 7:30 p.m.

The guest artist will be Carol Beall of Los Gatos, who will give a demonstration in oil drip technique. The program is open to the interested public at no charge.

Carol was educated in the San Jose schools and received her art degree at San Jose State College. She is a member of Society of Western Artists, Group 21 Gallery, and Los Gatos Art Association.

At present she is exhibits chairman for Villa Montalvo. She also teaches drawing and painting on location, painting and crafts at American Heritage Academy and Santa Clara County Blind Center.

She has just returned from a trip to Norway where she had an art exhibit and gave lectures.

The Guild is looking forward to beginning the new year with this enthusiastic artist as guest.

Jill Ebner to wed

The engagement of Jill Carol Ebner, daughter of Mr. and Mrs. Jack A. Ebner, 420 Castro Ct. and William L. Holmgren, son of Mr. and Mrs. William K. Holmgren of Seattle, Wash. was announced at a family reunion recently.

Present for the occasion were Jill's paternal grandparents of Tampa, Fla., and other family members and friends.

Jill, a 1969 graduate of Prospect High School, now attends West Valley College and also works for Dr. John A. Hughes, dentist.

Bill, a 1964 graduate of Rainier Beach High School, is now attending Green River Community College in Auburn, Wash., majoring in advertising.

He served in the U. S. Air Force from April, 1966 to October, 1969, and was discharged as a sergeant.

The young couple plan a spring wedding.

JILL CAROL EBNER

Camden High Notes ♪ ♪

by Linda Kent

Camden High School senior, Pam Picone, was crowned San Jose's Junior Miss, Friday evening, Jan. 8, at Silvercreek High.

"The girls had fantastic personalities." Pam stated. "They were really fun to compete with."

For being chosen San Jose's Junior Miss, Pam will receive about a $100 scholarship toward the college of her choice.

The girls were judged on 15 percent scholastic achievement, 15 percent poise and appearance, 15 percent physical fitness (all girls worked together on a jazz routine), 20 percent talent, and 35 percent on a judges interview.

Pam's talent portion was a three minute routine, in which she did a ventriloquist act with her dummy, Joey.

Pam, along with about 60 other girls from all parts of California, will go down to Santa Rosa, Jan. 28, where she will compete for the California Junior Miss crown.

FAMILY FILMS

A family film night will be held at the Saratoga-Quito Library, 18830 Cox Ave., Saratoga every Wednesday night, Jan. 20 to Feb. 24.

The program begins at 7:30 p.m. and lasts about forty-five minutes. Films to be shown Jan. 20 are "Pigs", "The Loon's Necklace" and "The Five Chinese Brothers".

Country women hold card party

Country Womans Club of Campbell will be the setting for an afternoon of cards on Monday, Jan. 25, at 12:30 p.m.

Luncheon will be prepared and served by the program committee in the club building, Campbell Ave. and First St.

An array of door and table prizes will be featured. Theme is "A Bit of Mardi Gras".

Reservations may be obtained by contacting Mrs. B.T. Morgan, chairman of the day. Mrs. Morgan will be assisted by Mmes. E.C. Price, V.E. Suess, H. Todd, A.V. Dye and Mrs. Frank Jacobson.

FOLK FESTIVAL

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES
TO WHOM IT MAY CONCERN:

Subject to issuance of the license applied for, notice is hereby given that the undersigned proposes to sell alcoholic beverages at the premises, described as follows:

711 Hamilton Avenue, Campbell

Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance on original application of an alcoholic beverage license (or licenses) for these premises as follows:

On Sale Beer (Eating Place)

Anyone desiring to protest the issuance of such license(s) may file a verified protest at any office of the Department of Alcoholic Beverage Control, or by mail to the Department of Alcoholic Beverage Control, 1215 O Street, Sacramento, California 95814, so as to be received within 30 days of the date the proposed premises were first posted, stating grounds for denial as provided by law. The premises are not now licensed for the sale of alcoholic beverages. The form of verification may be obtained from any office of the Department.

RICK MAIRE AND LISA CHANG

Rick Maire engaged in Korea

Mr. and Mrs. Mark E. Maire, 1030 Connie Dr., have received word of the engagement of their son, P.F.C. Rick L. Maire, to Miss Lisa Jin Chang of Posang, Korea.

Rick, a former Westmont High School student, enlisted in the Army in July, 1969, and plans to make a career in the service.

The young couple will be wed sometime in April at the American Embassy in Posang.

They are scheduled to return here in October.

Cleft parents hold meeting

The quarterly meeting of the Cleft Parent Group, Inc. of Santa Clara County, will be held Tuesday, Jan. 26, 1971, Mrs. Jerry Rubin, chairman, announced today.

Guest speaker for the evening will be Dr. Ernest N. Kaplan, director of the Cleft Palate Department, of Stanford Hospital.

All parents of Cleft children, and people interested in them professionally are invited to attend the 7:30 p.m. coffee, and the 8 p.m. meeting, to be held in the Fireside Room of the Lutheran Church of the Good Shephard, 1550 Meridian Ave., San Jose.

For additional information, please call 227-1133, or 266-6693, Cleft Parent Group, Inc., is affiliated with March of Dimes.

Campbell mothers march on Tuesday

Campbell women next Tuesday (Jan. 26) will be a part of a band of approximately 10,000 who will join in the Mothers' March, the annual residential campaign for funds to finance the nationwide battle against birth defects.

Each woman will be wearing a Mothers' March tag and carrying the green, blue and, white packet with a picture of the national poster child—Marty Mim Mack, a Santa Clara boy—on it. For those men who have volunteered to help the women there are special tags on which there is "Tonight I Am A Mother."

All marchers will have receipts to give donors, as well as educational materials for distribution.

The Mothers' March is the women's division of the month-long March of Dimes, which finances the National Foundation, national voluntary health agency working in the field of birth defects. The three-way, year-round program includes treatment, research and education for both the lay and medical communities.

Although leaders have been working for weeks on the organization of the Mothers' March, there are expected to be some dropouts because of illness. Volunteers willing to take their places should call Mrs. Marvin Rossman, 377-9736, or Mrs. P. L. Fischer, 378-1077.

MOTHERS' MARCH
PREVENT BIRTH DEFECTS
EVENT BIRTH DEFECTS

MARCH CHAIRMAN--Mrs. Marvin B. Rossman, Campbell community chairman for Tuesday's (Jan. 26) Mothers' March against birth defects, and her boy, Brian, 3, take a look at the packets to be carried by all volunteers in the residential campaign. MM leaders are now looking for volunteers who will step in as substitutes for those taken out by illness.

Cambrian hears community school presentation

Cambrian School District's trustees convened recently to hear Dr. Anthony Carillo, a San Jose State College professor and a director of the Charles S. Mott Foundation, made a presentation to the district's trustees about the establishment of a true community centered school.

Carillo suggested that the board consider establishing one of two of these schools. The Mott Foundation would provide leadership in getting started, training expenses and follow-up work.

Mr. Giansiracusa of the Union School District asked the trustees to establish a coordinating council of Home and School Clubs so that a grass roots statewide committee be established to urge the legislature to support poor school districts at a parity.

Credit union holds meeting

The Santa Clara County Districts Employees' Credit Union is holding their eleventh annual meeting on Saturday, Jan. 30, in the Parker Elementary School, San Jose, at 8:00 p.m. for the purpose of electing new officers for the ensuing year and review the operation of the credit union.

The Santa Clara County Districts Employees' Credit Union has achieved a milestone of progress of reaching $1,000,000.00 in assets in the short period of 10-2/3 years since start of operation.

Prizes for those in attendance will be drawn at the annual meeting for those members in attendance. Refreshments will be served.

Andrewjeskis celebrate 25th

Mr. and Mrs. Walter F. Andrewjeski, 1796 Villarita Dr., are celebrating their silver wedding anniversary with an open house on Saturday, Jan. 23 from 2 to 7 p.m.

The Andrewjeskis were married in San Francisco on Jan. 19, 1946 and are the parents of three children, Mrs. Joseph (Susan) Signorelli, Diane and Mark.

They have lived in this area for more than eight years and wish their friends to know that they are welcome to stop by.

Orchard City Grange has active membership for coming year

Orchard City Grange closed out the year of 1970 with a total of 56 new members under the leadership of Past Worthy Master Fred Johnson.

In a joint installation of granges held recently at the county fairgrounds, Orchard City installed the following officers:

Master, Zee Martin; overseer, Lee Glick; lecturer, Ted Bohn; chaplain, Alfreida Van Nattor; secretary, Hazel Smith; treasurer, Jack Jones.

Steward, Jimmie Arnold, assistant steward, Perrin Martin; lady assistant steward, Ellen Arnold; executive committeemen, Leslie Fairchild, Lucile Hoerler, and Fred Johnson.

Elmer Hoerler, gatekeeper; Irene Cunningham, Pomona; Leta Tilford, Ceres; Sarah Noyer, Flora and musician, Nila Jones.

For the first meeting in the new year Ted Bohn, lecturer, presented a candlelighting service.

Taking part were Alfreida Van Nattor, reader; Norma Johnson, faith; Leta Tilford, hope; Isabella Harden, charity; Edna Bossio, fidelity; and the angel was Claire Sheffer.

Recent visitors to Orchard City Grange were State Deputy Master John Buck and wife Ruby; past Pomona master Ed Terrell, and Ruth Terrell and Levi Richman.

Under chairmen Goldie and Dick Taylor a willing crew of helpers served refreshments in the dining room following the meeting.

Myrtle Geisel was the soloist for the evening and Nila Jones the musician. Helen Bohn spoke on the credit union, a service of the Granges in Santa Clara County.

Annual meeting will be held in Orchard City Grange Hall on Wednesday, Jan. 27 at 6:30 with a potluck dinner preceding the meeting.

All Grangers were urged to attend.

Orchard City Youth group announced their new officers for the year. Claire Sheffer, chairman; John Buzzetta, treasurer and Jerry Buzzetta, secretary.

Mugwhump! is children's play

A delightful children's play entitled, "Mugwhump"!, will be presented Saturday, Jan. 23, at West Valley College Auditorium, 51 E. Campbell Ave.

The play, written especially for children from kindergarten to sixth grade, is scheduled for three performances, at 9:30 a.m., 11:00 a.m. and at 1:30 p.m.

"Mugwhump"! was written, and is directed by Gale Peterson and performed by the White Oaks Theatre Touring Company of Carmel Valley. The strange and wonderful Mugwhump is threatened with extinction because his food supply is destroyed by a careless act.

Miss Judy and Elmore painfully learn about the balance of nature in their attempts to make a pet out of the wisecracking Mugwhump.

This is the second production in the series of four plays sponsored by the Junior League of San Jose Inc. The Junior League is in its eighth year of presenting live professional theater performances for school age children.

For ticket information, call 264-1260.

SERVICE CLUB

The Women's Service Club of Campbell will hold it's annual birthday meeting on Wednesday, Jan. 27, at the home of Mrs. Lloyd Sloane, 11910 Walbrook Dr., Saratoga, at 1 p.m.

The speaker of the day will be Mrs. F. Albert Ellis. Co-hostesses are Mrs. E. S. Frye, Mrs. George Kemp and Mrs. Milton Robertson.

Mrs. L.W. Besack will preside.

ORDINANCE NO. 764

BEING AN ORDINANCE ADOPTING PRIMARY AND SECONDARY UNIFORM BUILDING, PLUMBING, HOUSING, AND MECHANICAL CODES, AND AMENDMENTS TO AND DELETIONS THEREFROM, AS PART OF CHAPTER I OF ARTICLE VIII OF THE CAMPBELL MUNICIPAL CODE, ENTITLED BUILDING REGULATIONS.

The City Council of the City of Campbell does hereby ordain as follows:

SECTION ONE: That Section 8100 through 8104 of Chapter I, Article VIII, of the Campbell Municipal Code be, and the same is, hereby amended to read as follows:

PART I
ARTICLE VIII - BUILDING REGULATIONS
CHAPTER I
BUILDING CODE

SECTION 8100 ADOPTION OF UNIFORM BUILDING CODE

The City Council of the City of Campbell does hereby adopt a Uniform Building Code for the regulation of construction, altering, renovating and remodeling of buildings and structures, the issuance of permits therefor, and enforcement thereof, which said Building Code is as follows, to-wit:

(1) All of the provisions of the Uniform Building Code of 1970 of the International Conference of Building Officials, hereinafter termed the Building Code, and each and all of the regulations, provisions, penalties, conditions and terms of such Building Code (three copies of which code have been filed for use and examination by the public in the Office of the City Clerk) are hereby referred to and are hereby adopted and made a part hereof, the same as if fully set forth in this chapter, and are adopted as sections of this chapter bearing the same numerical sections, designations, titles as appear in said Building Code.

(2) The following sections, chapters, parts and/or provisions of the said Uniform Building Code are not adopted: Chapter 2, Section 203-b, c, d, and e. (See Campbell Municipal Code Section 3442).

(3) The following sections are either enacted in modification of the Uniform Building Code, hereinabove adopted by reference, or added in place of those sections, parts, and/or provisions of the Uniform Building Code which have not been adopted:

(a) SECTION 303-b, amended by adding the the following:
EXCEPTION. Plan check fees for swimming pools, signs, demolitions, and Certificate of Occupancy permits.

(b) SECTION 1601-a, amended by adding the following:
Fire zones 1 and 2, areas 1 through 7 inclusive, be, and the same are, hereby established for the City of Campbell and as delineated upon that certain map on file in the Office of the City Clerk of Campbell, California, entitled "Fire Zone Map of the City of Campbell", reference to which is made for further particulars. Said Fire Zones are particularly described as "on file" in the Office of the City Clerk.

(Amend. Ord. 564 - 9/12/66)
(Amend. Ord. 587 - 3/13/67)
(Amend. Ord. 634 - 7/ 8/68)
(Amend. Ord. 764 - 1/11/71)

(c) SECTION 2501 amended by adding the following:
Any and all species of lumber as designed or set forth in Chapter 25 of the Building Code shall be used only when identified by grade mark (f) or certificate of inspection, by an approved lumber grading or inspection bureau or agency approved by the Building Official.

SECTION 8100.1 Reserved
SECTION 8100.2 Reserved
SECTION 8100.3 Reserved

SECTION 8100.4 Camp Car and/or Trailer Regulations.

1. Definitions. A Camp Car and/or Trailer, subject to the provisions of this Ordinance, is hereby defined as any unit or structure designed, constructed and/or used for living or sleeping purposes or human habitation, which is equipped with wheels or similar devices for the purpose of transporting said unit and/or structure from place to place, whether by motive power or by other means.

2. Building Code Requirements. Any Camp Car and/or Trailer, as herein defined, from which the wheels or similar devices used for the purpose of transporting said unit and/or structure from place to place have been removed, shall constitute the same as a dwelling, subject to the requirements of the California State Division of Housing.

SECTION 8100.5 Fallout and Bomb Shelters.

Private, quasi-public and public fallout shelters shall be approved by a structural engineer and conform to all requirements of the Uniform Building Code and construction standards adopted by the City Council by Resolution. Such shelters shall be located in accordance with Section 9350 of the Campbell Municipal Code. Permits for units constructed in residential zones and under 20 person capacity shall be issued by the Building Official. Others shall be issued in accordance with use permit procedures established by this Code.

SECTION 8100.6 Same. Sanitary Facilities.

No flush toilets, lavatories, bathtubs or showers are permitted.

SECTION 8100.7 Same. Height of Room 6'6" minimum.

SECTION 8100.8 Same. Corridors and Stairs.

Minimum width of 24" and a minimum height of 6'6".

(Amend. Ord. 634 - 7/8/68)

SECTION 8100.9 Same. Corridors and Stairs.

Doors shall be swing doors (swing in) with a minimum of 24" width by 6'6" height. Locks shall be openable from the inside without the use of a key or special knowledge or effort.

SECTION 8100.10 Same. Uses Other than Fallout or Bomb Shelter.

If upon inspection it is determined the shelter is being used for other purposes than originally designed, the owner or owners are subject to forfeiture of the right of use and the shelter will be sealed or removed at the owner's expense.

(Amend. Ord. 634 - 7/8/68)

PART II

SECTION 8101 ADOPTION OF UNIFORM PLUMBING CODE

The City Council of the City of Campbell does hereby adopt a Uniform Plumbing Code for the regulation of installation of plumbing fixtures and appliances, gas fixtures and appliances and provide for the issuance of permits thereof and enforcement of the Code which said Plumbing Code is as follows to wit:

(1) All of the provisions of the International Association of Plumbing and Mechanical Officials Uniform Plumbing Code of 1970 hereinafter termed the Plumbing Code and each and all of the regulations, provisions and terms of such Plumbing Code (three copies of which have been filed for use and examination of the public in the office of the City Clerk) are hereby referred to and are hereby made a part hereof, the same as if fully set forth in this chapter and are adopted as sections of this chapter bearing the same numerical sections, designations, titles as appear in said Plumbing Code.

(2) The following parts, sections, and/or provisions of the said Plumbing Code are not adopted: Part I, Sections 1.2; 1.10(a); Part II, Sections 2.1; 2.2; 2.3; 2.4; 2.5; 2.6; 2.7; 2.8; 2.9; 2.10; 2.11; Appendices A-B-C-D-E-F-G.

(3) The following sections are either enacted in modification of the Uniform Plumbing Code, hereabove adopted by reference, or are added in place of those sections, parts, and/or provisions of the Uniform Plumbing Code which have not been adopted:

(a) A new Subsection 406(J) is added to Section 406 of the Uniform Plumbing Code as herein adopted, which shall read as follows: a minimum size four (4") inch cleanout shall be installed on the building sewer at the property line. Such cleanout shall be extended to grade and covered with an approved concrete yard box. Such yard box shall be located within twenty-four (24") inches of the property line where said sewer connects to the street lateral.

PART III

SECTION 8102 ADOPTION OF UNIFORM MECHANICAL CODE

The City Council of Campbell does hereby adopt a Uniform Mechanical Code for the regulation and installation of any heating, ventilating, comfort cooling, refrigeration systems, providing for the issuance of permits therefor and administration thereof which said Uniform Mechanical Code is as follows, to wit:

(1) All of the provisions of the Uniform Mechanical Code of 1970 as published by the International Association of Plumbing and Mechanical Officials and the International Conference of Building Officials, hereinafter termed the Mechanical Code, and each and all of the regulations, provisions, penalties, conditions and terms of such Mechanical Code (three copies of which Code have been filed for use and examination by the public in the office of the City Clerk) are hereby referred to and are hereby adopted and made a part hereof, the same as if fully set forth in this chapter, and are adopted as sections of this chapter bearing the same numerical sections, designations, titles as appear in said Mechanical Code.

(2) The following sections are either enacted in modification of the Mechanical Code, hereinabove adopted by reference, or are added in place of those sections, parts, and/or provisions of the Mechanical Code which have not been adopted:

PART V

SECTION 8104 ADOPTION OF UNIFORM HOUSING CODE

The City Council of the City of Campbell does hereby adopt a Uniform Housing Code for the regulation of various types of housing accomodations, and providing for the administration and enforcement thereof, which said Uniform Housing Code is as follows:

All of the provisions of the International Conference of Building Officials' Uniform Housing Code of 1970, hereafter called Housing Code, and each and all of the regulations, provisions, penalities, conditions and terms thereof (three copies of which have been filed for use and examination by the public in the office of the City Clerk), are hereby referred to and are hereby adopted and made a part hereof, the same as if fully set forth in this Chapter, and are adopted as sections of this Chapter (bearing the same numerical sections, designations and titles as appear in said Uniform Housing Code).

Passed and Adopted this 11th day of January, 1971, by the following vote:

AYES: Councilmen: Doetsch, Podgorsek, Rogers, Smeed, Chamberlin
NOES: Councilmen: None
ABSENT: Councilmen: None
APPROVED: Dean R. Chamberlin, Mayor
ATTEST: Dorothy Trevethan, City Clerk
PUBLISH: January 20, 1971

Ten Ways to Be Prepared for Any Roadside Emergency

Few of us keep our cars equipped for the unexpected, which may confront us especially during the season of inclement weather.

If you are among the millions of unprepared motorists, you can correct the condition quickly and inexpensively.

Begin with the following shopping list of ten items. Stored neatly in a carton in the trunk of your car, these should prepare you for most roadside emergencies.

1. FIRST AID KIT . . . Check the American Red Cross for proper contents—such things as water, paper cups, a blanket, certain bandages, etc.

2. FIRE EXTINGUISHER . . . Buy a good one and practice using it — before you have to. A CO_2 or 2½ pound (or larger) dry chemical extinguisher is recommended.

3. FLASHLIGHT . . . Use it to read a map, find a key or house number at night. And get one with a magnet so it can be placed on the side of the car to free your hands while you are changing a flat tire.

4. TIRE INFLATOR . . . The pressurized can is easy to use and will help you get to the nearest service station for a tire change. In fact, there are times when it is downright unsafe to try to change a tire yourself — traffic conditions, weather, position of the car, time of day, etc.

5. SPARE FUSES . . . Your auto store or service station man can tell you how many of what type you will need. If you can't figure out fuse locations from your owner's manual, ask your service man to help you. It can be a frustrating search on a rainy night when you have no lights.

6. FLARES . . . When you're in trouble on a dark road, reflector flares or emergency flashers are friends indeed. These are available at most auto supply stores. Place yours 50 feet behind and ahead of your car to alert oncoming traffic of your predicament.

7. BATTERY JUMPER CABLE . . . This can be worth its weight in platinum when you are stranded with a dead battery and another motorist comes to your aid.

8. TWO 4 x 4 WOOD BLOCKS . . . about 12 inches long, to block the wheels while you jack up the car for a tire change — if you've forgotten your tire inflator. "Chocked" wheels keep the car from rolling off the bumper jack.

9. A DIME . . . in case you have to make a phone call.

10. A DISPOSABLE WASHCLOTH. You'll be glad you have it after you've worked with the battery jumper cable.

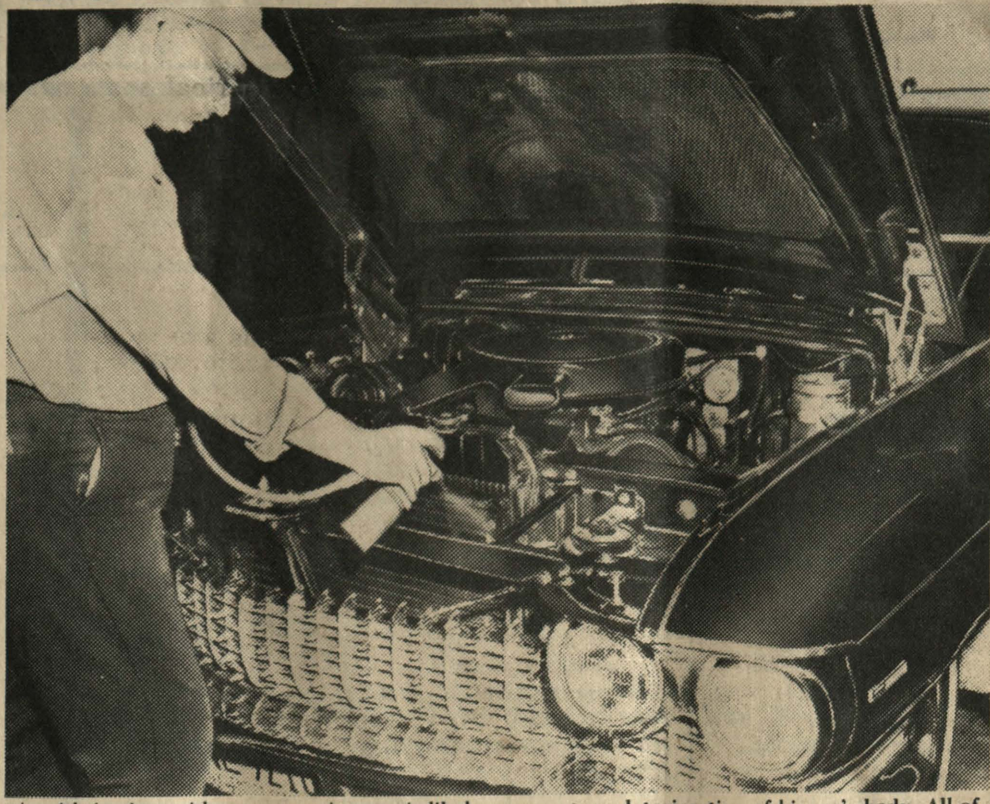
Urban Pollution

The town air is full of vapours, and is rendered still denser by the closeness of the buildings, especially in London, which is esteemed the largest City in the Universe.

—Thomas Sydenham
(1624-1689)

Road Hazards Make Thorough Mid-Winter Repairs a 'Must' to Preserve Car Bodies

Good Local Body Shop Will Have What It Takes to Do Job



A swish in time with a spray paint gun is likely to save some expensive repairs later. By taking care of minor nicks, scratches and dents as soon as they become noticeable, a motorist can avoid premature deterioration of his car's body. All of which makes the car more valuable at trade-in time. (DeVilbiss Co. Photo)

Have you recently taken a really good look at the finish on your car? Studies by leading automotive service magazines found three out of every four cars are in need of body repair and/or touch-up work.

When checking your car, chances are you'll find finish defects ranging from minor stone-nicks to more sizeable scratches, scrapes, or dents. Close examination may even produce evidence of more serious damage with rust appearing in the rocker panels, lower portion of fenders, or at other points.

This time of year is an especially important one to make needed repairs. For winter road conditions take a harsh toll of car bodies.

Costing You Money

Regardless of the origination or extent of the present damage, it's costing you money every day it goes unattended. Once paint is chipped away and bare metal is exposed, corrosive action begins and will continue to grow until arrested and eliminated by repair.

Metal deterioration can also occur from beneath the car. This usually goes undetected until rust appears on the outside surface after corroding the metal behind. (Undercoating will, in most cases, prevent the start of this latter form of corrosion).

In either case, the longer the damage is neglected, the more extensive and time consuming the repair becomes, thus increasing your repair bill.

Once you're ready for repairs, your next and most important step is to locate a reputable auto body repair and refinishing shop — one that has adequate facilities, modern equipment, and experienced personnel to do the job.

What Shop Can Do

Such a shop will have ample parking and work space; modern metal working tools; quality spray equipment; spray booth with proper exhaust for dust-free paint jobs; force dry (infrared) equipment for drying fresh paint in minutes as opposed to hours with air dry; factory trained spray operators.

A shop with these qualifications can assure you of a first-rate, professional job in the shortest possible time.

Don't settle for a 50% job at a bargain basement price from a shop that has makeshift facilities. It'll probably cost you more in the long run through costly re-work at a later date.

When the original beauty has been restored to your car, don't be misled into believing it to be permanent. New damage is likely to occur at some future date and corrosion will once again attempt its ugly deed.

Periodic checks and continuous, proper maintenance are your only assurance of prolonging the original finish life. Do this faithfully and you'll derive the many benefits from owning, driving, trading, or selling a clean, rust-free car.

What About Driver Tests

One irate Florida driver thinks we're putting too much emphasis on the wrong part of driving. He writes in a letter to the "Monitor" that "you keep us informed about automobiles – new designs, prices, labor problems, mechanical improvements, foreign competition and control of exhaust pollutants. What shall we believe concerning drivers of these vehicles?

"After one has passed a minimal driver's test he is not thereby imbued automatically with good judgment, good manners and obedience. Within any mile one may see one or more of these peccadillos: driving too close to car ahead; too slowly in the fast lane; turning without signaling intention; leaving blinkers on after changing direction; 'snuggling' (by pet or person) with the driver; ignoring local speed regulations; blowing horn in a static situation when nobody could move if they wanted to; using high beams on lighted streets; not dimming for approaching vehicles on unlighted roads; flicking ashes with arm out of window as though signaling; obscuring rear vision with luggage; allowing children free movement on the seats; loud radio that impairs proper hearing in emergencies; parking too far from curb; using part of two lanes for a turn; parking in other than the center of the designated space; joining traffic flow too slowly; disregarding the rights of pedestrians; driving after drinking intoxicants."

We'd like to remind our fellow California drivers that the writer of the above is a Florida driver telling about conditions in his own state. Strange, isn't it, that every one of those violations are made here in California too – and within any one mile?

For Safe, Trouble-Free Driving . . .

Check Your Car

Most motorists about to embark on a long automobile trip make it a practice to run their cars into their favorite garage or service station, for a check-up. Experienced motorists know this is a good practice, especially at this time of the year, whether a long trip is planned or not.

Never is the family car more used than during the summer season. Never during the year are car owners more concerned about being sure their automobiles are in prime condition, ready for instant safe and trouble-free use.

* * *

Here is a list of things, suggested by the experts at Champion Spark Plug Company, that you can clip and take with you when you take your car to your favorite service station, listing what you'll want the experts to check for you.

☐ **ENGINE:** complete ignition check, including spark plugs, distributor, coil, points, condenser, timing and advance wiring and connections.

* * *

☐ **FUEL SYSTEM:** check, including idle speed, fuel leaks, clean PCV valve and fuel sediment bowl, clean or replace air filter. (Perform with tune-up.)

* * *

☐ **COOLING SYSTEM:** check coolant, hoses, fan belt, radiator cap; inspect for radiator leaks, flush and install rust-inhibitor.

* * *

☐ **BATTERY:** check water level and cables, clean connectors and terminals. Check voltage regulator and drive belt for condition.

* * *

☐ **LUBRICATION:** change oil, oil filter, check transmission, power steering and differential oil level. Lubricate chassis if needed.

☐ **BRAKES:** check brake fluid, inspect drums and linings for wear, master and wheel cylinders for leakage.

* * *

☐ **TIRES:** check for adequate tread, uneven wear, cuts, sidewall wear, correct pressure, good valves.

* * *

☐ **EXHAUST:** check for holes in muffler, tail pipe. Inspect clamps and fasteners for condition. Clean PCV device in engine.

* * *

☐ **SUSPENSION AND STEERING:** check shock absorbers, springs, steering linkage. If needed, balance and align wheels, rotate tires.

* * *

☐ **WIPER BLADES:** Replace if needed.

* * *

☐ **ALL LIGHTS,** including headlight focus, turn signal bulbs and parking lights.

* * *

And now that you've clipped this check list and put it in your wallet for discussion with the car care experts, you've taken your first step to a safe and trouble-free trip into the great outdoors.

HOT NEWS ON BRAKES

In an average day's driving — and stopping — your car's brakes build up enough energy to heat your home. Can your brakes stand up to this kind of torture? Have them checked frequently.

Be not penny-wise; riches have wings, and sometimes they fly away of themselves, sometimes they must be set flying to bring in more.

—**Francis Bacon** (1625)

There is a rural belief that as long as some snow lies on the ground and in the hollows there is a possibility of more to come. Northumberland folk say the snow is waiting for company.

JANUARY 27

Fuller stresses the need for thinking

by Frank Armbruster

R. Buckminster Fuller spoke at the West Valley College Auditorium Tuesday night and the event was a striking contrast to what had happened the night before to Henry Cabot Lodge on the Stanford campus.

Whereas the other meeting was filled with hostility, the audience in Campbell could only be described as having love and respect for Dr. Fuller. He spoke without notes for two hours and forty minutes and the audience responded with a standing ovation.

Although he was introduced as "scientist, author, architect, lecturer, philosopher and a true Renaissance Man", he promptly told the audience that he was really only a common man. The principle difference between himself and others, he said, was that back in 1928, at the age of 32 he decided to not waste his energy trying to "get out and make a living". Instead, he decided that he would "look around, see what needs attending to -- that no one else is attending to -- and get to work doing something about it".

The result of that decision, he told Tuesday's audience, has kept him busy for the rest of his life.

"DARE TO THINK," he said, and proposed a Fellowship for Thinking for young people, adding that for every thousand people who are relieved of the burden of "getting out and making a living" one of them will conceive a breakthrough which will support the other 999.

The following are some excerpts from his talk:

"There is an education revolution coming; there is hope in the young.

"Don't work too hard at learning the ideas of other people, at the expense of suppressing your own thinking.

"You can't reform your fellow man, but you can make it easier for him to reform himself.

"Change is going to occur; it's best if you can arrange to have it occur in preferred ways.

"The human being is the most complex thing in the Universe, it is exceeded only by the Universe itself. (I've made the assumption that Humans are essential to the Universe.)

"This is the first time in history where we have begun to think about looking after the generations to come.

"Love, love, that's the only thing that MADE do anything!

"We've got to get going on the main engine of the universe, and stop using up the power in the batteries.

"What are YOU going to do about it?"

ART EXHIBITIONS

Creative Artists Group will hold a week long show at Alec Stores, Stevens Creek and Saratoga Ave. from Feb. 8 to 14, according to Bea Griffin, art director.

About 50 artists will participate in the show, which will be held daily from 10 a.m. to 9 p.m., featuring glass blowing, candle making, arts and sketching demonstrations.

Two apartment complexs gain Planning Commision approval

Two apartment complexes, one for 116-units and the other for 142-units, located on W. Hamilton Ave. in the Darryl-Marathon area, received the delayed approval of the Planning Commission on Monday night.

In both instances, residents in the adjacent areas were in attendance to offer objections to the proposals.

However, most of the residential fire was directed at the proposal of the Yolles Development Co., which plans to construct a 142-unit complex adjacent to single-family homes on Mona and Kendra in the City of San Jose.

Although the residents objected to the overall concept of having a multi-residential development in the area instead of commercial, they particularly disliked the plans that located the carports on the property line.

The plan that was approved by a 5-1 vote directed that there be an 8-foot stucco wall on the line and no planting strip.

Prior to approval, a motion by Commissioner Don Hebard to deny the application because the area had been designated as commercial in the general plan, lost for lack of a second.

The other apartment plan for 116-units presented by M.H. Podell, had much easier sailing. Podell, assisted by the designer and landscape architect, explained that it was to be a high-rent development following the landscaped environment concept.

Bruce Sweetland, from Bismarck Drive, objected to Bismarck Drive being used as an access route to the proposed development. The developer agreed that they would prefer that it be closed off.

The proposed plan for the entire area included a Quick-Stop market with a gas pump. The Commissioners indicated their displeasure with the gas pump and eliminated that phase.

However again by a 5-1 vote (Hebard again dissenting) the Commission approved the plans (sans gas pump) with the recommendation that Bismarck Drive be closed off.

In other actions Monday night, the Commission approved the master plan for Rincon Park as presented by Henry Cary, of the Parks and Recreation Commission.

Approved also were plans for a warehouse at 877 E. Hamilton submitted by Mitchell Raskin and for a warehouse at 625 McGlincey Lane submitted by Phil Bauer.

Plans for a professional building at 1610 LaPradera submitted by Patricia Fletscher also won approval as did the application for a 7-11 market at 262 Sunnyoaks submitted by Dennis Burrow.

The Commission approved prezoning of two lots on Barbano and Michael Drive for C-1-S and another lot for R-3-S. The properties are in the process of being annexed to the city.

Harold Teren received approval of the Commission to incorporate two lots into one on Gale Drive.

The Commission, on the suggestion of Commissioner Norm Paul, indicated that letters should be written to the top officials of oil companies that allow areas around their gas stations to become unsightly.

Of particular concern was a station at Darryl and Marathon.

Change orders for city hall go to Council

Change orders in the construction for the city hall that will result in the net extra cost to the city of $822.92 will be considered by the City Council next Monday night (Jan. 25).

One of the items that is almost certain to provoke heated discussion is the charge of $348.60 for 42 ash trays in the new council chambers.

It has been pointed out, that some cities have invoked a new smoking ban for council chambers thus eliminating the need for ash trays.

Other charges that are included in the list are for additional ducts and conduits totalling $1015 and for enlarged doors for $71.40.

Another good-sized charge is for $600 for a base for the antenna that is needed for the police communication system.

On the credit side is a change order of $612 for the elimination of 14 seats in the new council chambers.

In a related item to the civic center complex, the Council is also expected to act on an informal proposal for the city to advance $386,000 as a loan to the county to complete the new library.

The Council on Monday is also expected to discuss and possibly act on the modification of the plan line for the extension of Latimer Ave. to Central.

Girl Scouts

Cathy Callan, Brownie Scout from Troop #465 at Dover School, shows individual "get well" cards made by her troop members for girls of Cabette Troop #910. A recent camper traffic accident, involving some of the girls of Troop #910 touched the heart of Brownie Troop #465 to write them in their own words.

"Dear gril scout" one card began. Another one said, "to a sick scout." "I think these original thoughts and spellings are just precious," said Mrs. Daniel Callan, brownie leader, "The girls decorated them as well with rick-rack and ribbon and paint."

Other members of the troop are: Darlene DePalmo, Dawn Kais, Suzanne Pope, Lisa Prioshi, Debbie Smith, Angela Thrappas, Kathy Bausano, Stephanie Benner, Terry Falk, Tracy Riccitello, Mary Shauas, Monique Soltan, Carrie Vaianisi and Melinda Yee. Mrs. Eldon Falk is the other leader of the troop.

Carlson is real estate teacher for West Valley

Alfred Carlson, A. S. A., R. M., has been reappointed instructor of West Valley College's course in advanced real estate appraisal.

Carlson is presently supervising appraiser for the Santa Clara County Assessor's Office. He has 14 years experience in the appraisal industry encompassing the appraisal of single family residential, multiple residential, industrial, commercial, and special purpose properties.

He has also appeared as an expert witness in tax protest cases before the County Board of Equalization.

Carlson holds a B.S. degree from Cal Poly, a Real Estate Certificate from the University of California Extension, the A.S.A. designation (senior member) of the American Society of Appraisers, the R.M. designation of the American Institute of Real Estate Appraisers, and is the past president of the San Jose chapter of the American Society of Appraisers.

This course is being offered this spring semester on Thursday evenings from 7 to 10 p.m. on the Campbell campus. Registration can be completed by mail for those living within the district's boundaries by calling the Admissions and Records Office at the Campbell campus, 379-1733. Those who fail to register by mail for the evening class will have to register Feb. 1 from 6 to 10 p.m. in the Admissions and Records office.

ALFRED CARLSON

Other real estate courses offered at West Valley College will be those in practice, principles, financing, legal aspects, appraisal, economics, tax aspects, and property management. These courses all apply to the California Real Estate Certificate that is being granted by West Valley College.

Some of the courses are offered mornings from 7:30 a.m. to 9 a.m., and others are offered evenings from 7 p.m. to 10 p.m. for the convenience of those in the industry and those working in other pursuits.

College offers training courses

A waiter-waitress course and a class in hospital and nursing home food service training will be offered at West Valley College this spring semester.

The waiter-waitress course is of eight weeks duration and has a wine service course included. Upon completion of the course (offered each Tuesday and Thursday evening from 7 to 9:30 beginning in February) students receiving passing grades will be awarded a certificate of completion.

Tony Verhaart, manager of Plateau Seven in San Jose, will instruct the course.

The hospital and nursing home food service training program will also begin in February and will be held each Wednesday from 7:30 p.m. to 9:30 p.m. through June.

Two to six college credits may be earned. Students who would like to enroll in the course must already be employed in food service since they will be given on the job supervision and evaluation.

Interested participants in the courses should contact the admissions and records office, telephone 379-1733, for information on registration procedures.

Student film festival slated

Films made by students for the National Educational Television Film Contest will be shown and judged Saturday, Feb. 6 at Campbell High School, at 1 p.m.

The contest is co-sponsored by the Santa Clara County Education Media Center, KTEH-TV (Channel 54) and the Peninsula Adult-Youth Film Council.

The winning films will be shown on Channel 54 and then will be sent to New York to compete in the National Education Television national film contests.

Participants are between the ages of six and 18. Advance tickets are available and certificates and prizes will be awarded.
